CAPITAL CLOVER

Do's and News of 4-H Camp

June 20, 1956

VISIT TO MOUNT VERNON

On arrival by boat at Mount Vernon, 4-H Club members and leaders should assemble on the dock with the wreath bearers in front for a picture before the start is made to the Tomb.

After the picture is taken we will march up to the Tomb of George Washington two abreast. After the ceremony at the tomb site, Dr. Charles Wall of the Mount Vernon Ladies Association will tell about the history of the grounds.

After the return to the Departmental Auditorium from the boat trip, milk will be served in the cafeteria.

Robert Allen Brown, North Dakota, and Martha Chisholm, Texas, will lead the 4-H delegates as wreath bearers.

NEW 4-H SCHOLARSHIP WINNERS NAMED

Announcement has been made of the recipients of the 1955-56 National 4-H Club Fellowships sponsored by the National Committee on Boys and Girls Club Work and the Massey-Harris-Ferguson Company. The Fellows are all county extension agents and former 4-H Club members. Starting September 1, they will spend 10 months in Washington, D. C.

For the first time in the 26-year history of the fellowship, two are from the same State--Kansas.

The new Fellows are: Herlen G. Copeland, Kansas, Joan Verlene Engle, Kansas; Duane B. Lau, Ohio; Ann Elizabeth Thompson, Alabama; Harry Vieth, Jr., Missouri; Virginia E. White, Minnesota.

FINAL PROGRAM

Delegates are asked to refrain from taking pictures during the final program at Aztec Gardens, Pan American Union, tonight.

Camp uniforms will be worn to this final program. To make the service more effective, please light the candles when instructed.

Preceding the ceremony will be a resume of the highlights of Camp.

The Final Program Committee members and ushers are to go on a special bus to the Pan American Building, leaving from the Departmental Auditorium, at 7 p.m. Delegates will leave for the ceremony by bus from the Raleigh Hotel at 8 p.m.

PRESIDING DELEGATES

Theodore Fite, Oklahoma, will be presiding delegate at the assembly this afternoon.

PARTICIPATION CERTIFICATES

Participation certificates will be presented to the National Camp delegates as a feature of the assembly program, this afternoon. Each State will select one delegate to receive the certificate for their State group. Delegates receiving the certificates will be seated in the northeast section of the auditorium.

LAUNDRY NOTICE

Do not turn in any laundry after 8 a.m., Wednesday, and be sure to pick up any laundry you may have by Wednesday night.

TODAY YOU WILL SEE—

Mount Vernon—The residence and burial place of the Father of our Country. It is 16 miles from Washington on the banks of the Potomac River.

Pan American Union—Owned and maintained by the 21 American Republics, the interior patio is filled with rare plants from Latin America.

THANK YOU

Those who have had the opportunity of being "back stage" on Camp planning and arrangements appreciate the cooperation of the delegates and leaders. All of you have shared your good ideas and have worked hard to make each event and activity outstanding. The Extension Subcommittee on 4-H Club Work and your USDA hosts sincerely say "Thank you."

DAUGHTER-SON BOTH HAVE BEEN FIRSTS TO CAMP

Mrs. W. W. Eidson, a National 4-H Club Camp delegate in 1937, was the first girl to represent DeKalb County, Georgia. Wally Eidson, her son, is at camp this year and is the first boy to represent DeKalb County.

FINAL ASSEMBLY

This afternoon in assembly you will discuss what you will do when you return to your States and counties and local clubs. We should all keep in mind that the most important part of camp is what happens when we make the influence of camp felt in the local clubs and counties throughout the country. That is where the real value of the camp will be realized.
